June 25 9:00 - 3:00 The Journey Continues \$50 Karen Ramsay CMC Dillon

Sketchbook Journaling with Line & Watercolor (minimum 10 people, maximum 12)

We'll continue our watercolor journey within the pages of our sketchbooks-capturing scenes from both our everyday surroundings and our travels, near and far. These pages become a visual record of where we've been, filled with personal memories and impressions.

Our day will begin with a series of tips and techniques to support sketching on location. We'll explore how to simplify a scene, experiment with cropping, develop a cohesive color palette, and work with values, shapes, and page layout. We'll also touch on adding lettering and incorporating people into your sketches. After lunch, we'll head outdoors to put these ideas into practice. I'll work with each participant one-on-one, offering guidance and encouragement. At the end of the day, we'll gather to share our work and reflect on what we've captured together.
